## The Strategy

Refurbish to meet tenant and local authority specifications and all statutory compliance requirements

## How the scheme works

1. Purchase the property
2. Complete any refurbishments required
3. Obtain the necessary statutory compliance documents (e.g. Fire Risk Assessment, Gas Safety Certificate, Electrical Installation Condition Certificate (EICR), and EPC)
4. Your property will be inspected to confirm compliance with the tenant and local authority property requirements, including statutory compliance
5. Your property will be signed onto the scheme and lease executed
6. Rent is paid to you from the date that your property is signed onto the scheme, one month in arrears

## Reliable, double-digit returns
